

Exercise

The image displays two sequential screenshots of a Windows Form application titled "Form1".

Top Screenshot: The form contains a label "Enter a number:" followed by a text box containing the number "6". Below the text box is a button labeled "Check". At the bottom of the form, the text "The number is even." is displayed.

Bottom Screenshot: The form is identical in layout, but the text box now contains the number "7". The "Check" button remains below it. At the bottom of the form, the text "The number is odd." is displayed.

Exercise 2

The image displays two sequential screenshots of a Windows application window titled "Form1".

Top Screenshot: The window contains a label "Enter a number:" followed by a text input field containing the value "-1.1". Below the input field is a button labeled "Display". Below the button, the value "-1.1" is displayed on the form.

Bottom Screenshot: The window is in the same state, but the text input field now contains the value "2.99". The "Display" button is still present, and the value "2.99" is now displayed below it.
